

# Activation/Registration Guidelines

A.

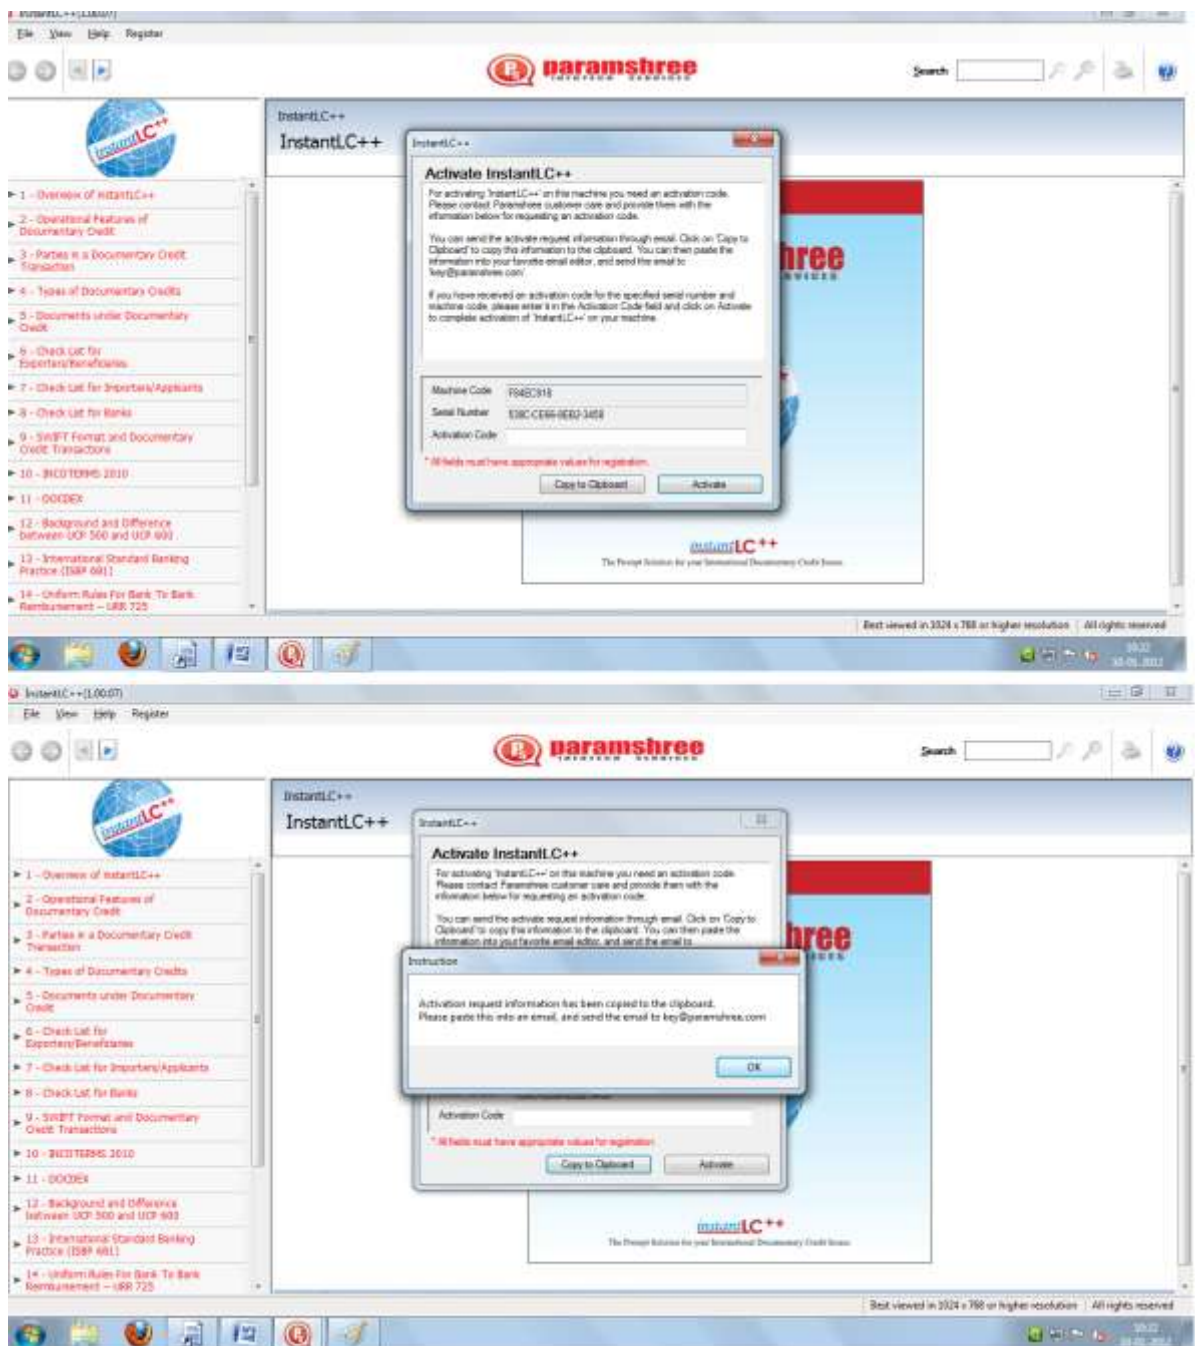

Step 1

- To Activate/Register this software click on the top menu option 'Register' and sub-menu option 'Register this software'. You would get to see a Registration window as shown in the bottom of the picture.
- Enter the User Name, Organization, the product Serial No. as provided on the CD jacket (or mailed to you). Then click on 'Next' Button.

B.

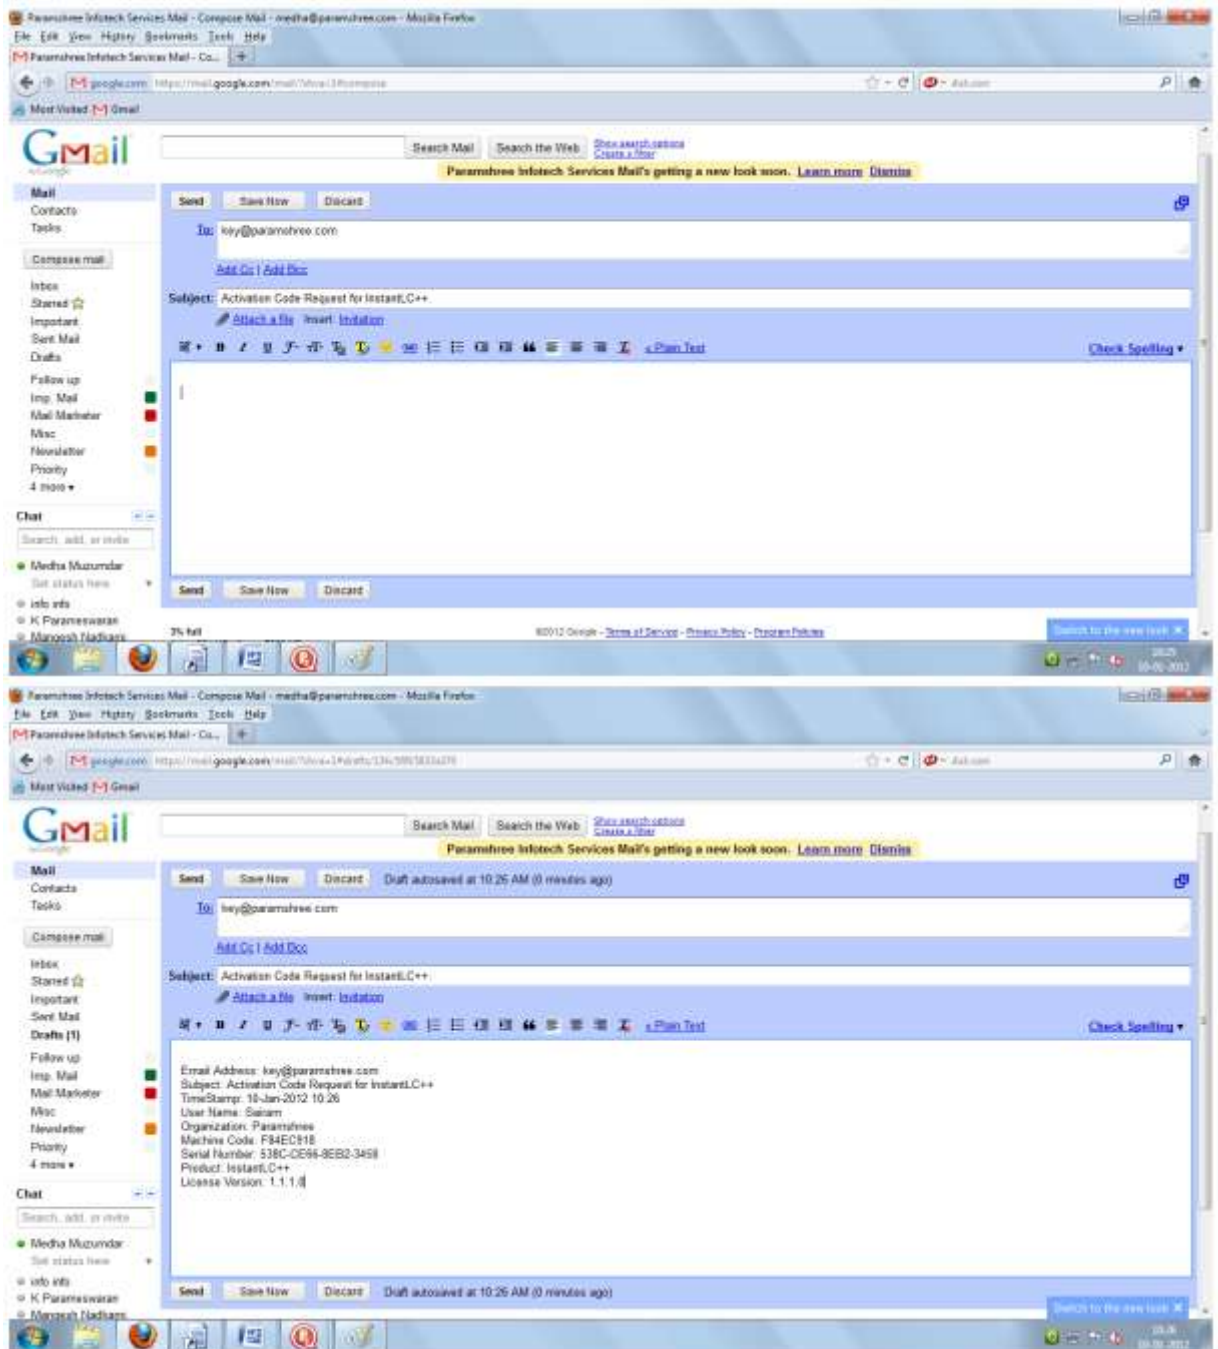

Step 2

- a. After clicking the 'Next' button as shown in the previous page, you get a new window as shown in the picture. In this window the machine code of your machine would appear; however, the Activation Code will be blank.
- b. To Activate/Register this software you need an Activation code. Activation code would be generated by us and mailed to you based on the Serial no. & Machine code. The following are the procedure for obtaining the Activation code:
  - i. Just click on the 'Copy to Clipboard' button.
  - ii. You will get a screen as shown in the second picture with a message 'Activation request information copied to the clipboard'.

If you are not able to see the copied information in the computer screen don't bother. It is still in the memory like the 'Copy' command in MS Word. The details entered by you and the machine code generated by the system are copied to the memory.

## What Next

- c. Now open your email and address the mail to [key@paramshree.com](mailto:key@paramshree.com)
- d. Right click on the message portion of the email and click on 'paste' option. You would find the User name, Organization, Serial no. entered by you and the machine code generated by the machine being copied to the text of the message (as seen in the picture in the bottom).
- e. Send this mail and you would get a reply email at the earliest with the activation code. Till you get the reply mail you can exit from this software.

### Important Notes :-

If you cannot follow the guidelines given in step 2 from a) to e) (in blue colour), don't break your head with it.

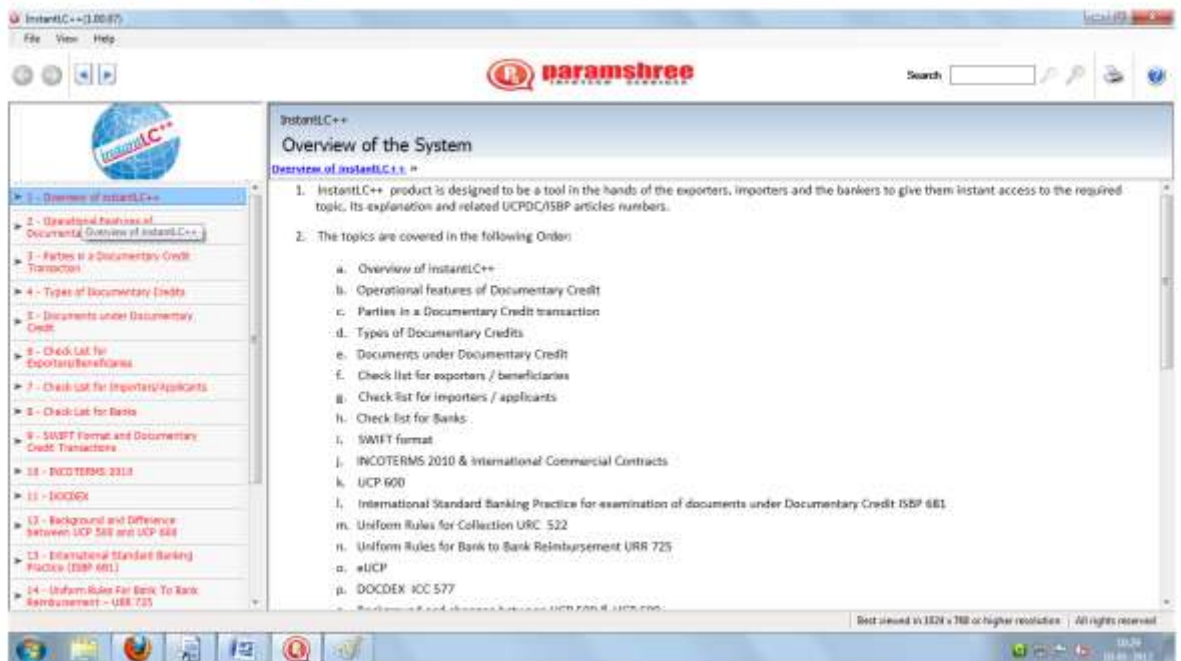

Just send us a mail in [key@paramshree.com](mailto:key@paramshree.com) giving the following particulars:

6. User name
7. Organization
8. Serial no.
9. Machine code

You will get a reply email at the earliest with the activation code. Till you get the reply mail you can exit from this software.

C.

Step 3

- After you get the 'Activation code' open the software and there after click on the Registration menu option and thereafter, Register the software sub-menu option. You will get a screen as shown in the right side top picture.

- a. All that you need to do is to copy and paste the Activation code in the space provided for entering the activation code and thereafter click on the 'Activate' button.
- b. With this the 'Registration/Activation' process is completed and you would get to see the complete software and all its contents as shown in the bottom screen on the right (in this picture one of our software is shown; depending on the subject the relevant contents of that software would be displayed)

You can click on the icon  on the right hand top corner of the screen to understand as to how to navigate through this system and also as how to use the search option.

We hope you would find the contents of this software useful and we welcome your feed back which you may send it in our email id [feedback@paramshree.com](mailto:feedback@paramshree.com)
